Transportation Emergency Action Response

Be Prepared For The Unexpected

Employee emergencies arise whether they are weather related, personal, or any other type.

It is important to have plans in place in case the unexpected should occur so that your employees are taken care of both mentally and physically.

Let LYNX help you create a *Transportation Emergency Action Response* (TEAR) plan. Your TEAR plan will provide ride matching (carpool/vanpool), Guaranteed Ride Home coupons, and a cluster map-overlaying LYNX bus routes. We will come out and provide you with the information and materials that you need to be prepared for the unexpected. You never know when an emergency will occur – *all you can do is be properly prepared to deal with it when it does.*

Call Steve Meyer at 407-254-6070 or Eric Strauss at 407-254-6087 or go to www.golynx.com.
